Provider Access Policy

This document relates to

Livability Nash College

1. General principles

This policy statement sets out the college's arrangements for managing the access of providers to students for the purposes of giving them information about the provider's education or training offer. This complies with the college's legal obligations under Section 42B of the Education Act 1997.

2. Student Entitlement

Students in years 8 -11 are entitled to:

- Find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point.
- Hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options evenings, assemblies and group discussions and taster events.
- Understand how to make applications for the full range of academic and technical courses.

3. Management of Provider Access Requests

A provider wishing to request access should contact our named careers lead;

Ms. Finn Emmerson
Deputy Principal
Telephone: 020 8315 4800
Email: femmerson@nash.livability.org.uk

Please speak to our named Careers Lead to identify the most suitable opportunity for you. The college policy on safeguarding sets out the college's approach to allowing providers into school as visitors to talk to our students. The college will make the hall/dining room, classrooms or meeting rooms available for discussions between the provider and students, as appropriate to the activity and time of day. The college will also make available equipment to support provider presentations.

This will be discussed and agreed in advance of the visit with the Careers Lead. Providers are welcome to leave a copy of their prospectus or other relevant course literature at the college reception, which will then be distributed to the most appropriate place within the setting so that students can access at an appropriate time.
